EAPS PUBLICATIONS

EAPS OMBUDSMAN

What is an Ombudsman? The ombudsman are an informal, neutral, confidential resource for people in the department, especially students, to raise questions or concerns about any aspect of their academic experience. The EAPS ombudsmen are Ken Ridgway (HAMP 3277B; ridge@purdue.edu) and Barbara Gibson (HAMP 2169B; barbara@purdue.edu) – please feel free to contact either of them as needed.

EAPS FACULTY/STAFF RESOURCE FUND

Guidelines:

The EAPS Faculty and Staff Resource Fund provides faculty and full-time, permanent staff with a simple, open, and transparent way to request resources they need to be productive in their work. This is not intended to replace other sources (e.g. grants, discretionary accounts, and start-up, competitive programs on campus, and usual supplies and expenses), rather it is to meet occasional needs that are important for individual productivity and advancement in cases where these other sources are not available to an individual. Examples include professional development course tuition, office needs, and professional conferences.

Procedure:

Applications to the fund should be sent via email (as a pdf) to the Assistant Department Head. Requests must include the following items and not exceed one page.

- applicants name, position title, email address
- a detailed, one paragraph description of what is being requested
- a short explanation of how this will help the individual be productive in their work
- amount requested (this program will accept requests between $200 and $2,000)
- time constraints on what is being requested (e.g., a deadline for registration)

Request deadline is the 20th of each month. Decisions will be made by the 5th of the following month. All requests will be reviewed by a group including the Assistant Department Head, the Business Manager, and at least two members of the EAPS Executive Committee.

EAPS TECH DIGEST

Linux lab computers have been converted from Red Hat to Ubuntu. Please let Tomas Ratkus or Frank Bakht know if you encounter any issues if you have existing Red Hat PC we may have missed, please contact Frank or Tom to arrange a for time to upgrade Please let Science IT know if you are still having trouble sending e-mail from home without having to use VPN New PAL/Eduroam wireless access points have been installed along Northwestern

Red Hat contract has been extended until early August 2018. This is to give campus time to transition to another Linux distribution. The plan is to be off of Red Hat by then.

If people are experiencing trouble sending e-mail from home or even while on campus, sender reputation based on subnet or even specific hosts IP on Purdue’s campus networks can be looked up here: https://goo.gl/wXRZpX

RCAC updated their/scratch policy. Purging will happen after 60 days of inactivity, as opposed to 90 in the past. This means that if someone has a large amount of research input or output data stored in their/scratch space, and hasn’t accessed it in two months, it will be irrecoverably deleted. This is fairly standard, but good to be aware of.

http://www.eaps.purdue.edu/
Some people may have noticed licensing issues with ENVI/IDL. This was due to ENVI being acquired by Harris Geospatial (previously owned by Exelis). License server manager's claim that issues are resolved, but if you encounter issues, please let Frank or I know. The only ironclad solution is to use owa.purdue.edu, at least until ITaP's messaging team fixes the IronPort issues.

**ExxonMobil**

**OIL COMPANY INTERVIEW DATES:**

**ExxonMobil - September 28-29**

Watch for additional information as it becomes available.

**ExxonMobil September 28-29, 2017**

Robert Wenger, Jr., Recruiter for ExxonMobil, will be on campus **September 28 and 29** to interview students who are interested in careers in Exploration, Development, and/or Production. They will be interviewing outstanding students receiving a BS, MS or a PhD in Geology or Geophysics. See flyer for additional details. Applicants are required to fill out an online application and post a copy of their resume and transcripts online at (www.exxonmobil.com/apply) one week prior to interviewing. To sign up for an interview time, please see Kathy Kincade in Room 2169D/HAMP.

In addition, Robert will also conduct a pre-interview presentation on Wednesday, September 27 at 5:00pm in Room 2201/HAMP. All interested graduates and senior level undergraduates are invited to attend.

I am writing to make all of you aware of several upcoming opportunities for graduate students and postdocs to participate in workshops focused on various topics pertinent to professional development.

The College of Agriculture and the Purdue University Libraries are offering a series of seminar-format workshops. The flyers for each set of offerings are attached, along with the topics. Some are coming up soon!!!! Registration for the Libraries series is required and can be accessed using [https://ias.itap.purdue.edu/rgs/wgb_workshop.disp_online_workshop](https://ias.itap.purdue.edu/rgs/wgb_workshop.disp_online_workshop). Pizza is served on a first come first basis at the College of Ag series.

The College of Science and the College of Engineering will be co-sponsoring an event on October 11. The details of the presentation entitled “Conveying Messages with Graphs” by Jean-luc Doumont are listed below. Registration will be required for this event, so mark your calendars and watch for future emails with a flyer and the registration information.

**Doumont Lecture:**

**WALC 1055 - Hiler Thtr**

**October 11th**

7:00pm-9:00pm

Make time in your busy schedule to attend some or all of these special events.

---

**DOE OFFICE OF SCIENCE ACCEPTING APPLICATIONS FOR SCGSR**

The DOE Office of Science just announced that they are accepting applications for the SCGSR program. [https://science.energy.gov/wdts/scgsr/](https://science.energy.gov/wdts/scgsr/)

This program provides a great opportunity for PhD students to collaborate with research staff at a DOE lab. If you have PhD students who are interested in participating they will need to complete the application and identify a lab in which they would like to work.

---

[http://www.eaps.purdue.edu/](http://www.eaps.purdue.edu/)
Debate Competition

This year’s ESE Symposium will feature a Debate Competition with topics related to climate change. In partnership with Purdue’s Petticrew Debate Forum, teams of two will defend and rebuke key topics on climate change related to economics, conflicts, alternative energy, and climate adaptation. The first 16 teams to respond will get to compete in the preliminary rounds held on Tuesday, September 19th in Krannert Hall from 6-9 pm. The final four teams will compete the following Tuesday, September 26th from 1:30-3:30 in Stewart Center 214 ABCD. The winning team will win a cash prize of $300.

3 Minute Thesis Competition

The ESE Symposium Undergraduate, Master’s, and Ph.D. research students are invited to take part in the 3MT Competition on Tuesday, September 26, 2017. The subject of your presentation does NOT have to be directly related to the ESE Symposium theme.

Photo Competition

ESE Symposium is holding a Photography Contest in which the top two entries will be awarded cash prizes, with the winner’s photograph being showcased at the Symposium itself.

Please email ese@purdue.edu if you have questions.

PURDUE LIBRARIES SEMINARS

The Purdue Libraries has worked with the Office of Undergraduate to offer a series of seminars that address many aspects of the student research experience. The biweekly sessions will be held in WALC 2007 from 6:30-7:30pm starting September 5th. In the first session, student researchers will discuss their experiences and answer questions.

Applications will be accepted between August 15 and November 1, 2017 for the 2018 program.

Please see attached flier for more details.

FALL GK-12 PROGRAM INFORMATION FOR GRADS AND POSTDOCS

GK-12: Engaging graduate students and post-docs in integrating and communicating their research in middle school classrooms “participating in GK12 was the single best decision I have made in my professional life and it will forever influence my career path in the future” (Purdue Grad Student) GK-12 is an exciting program organized through the Graduate School that gives Masters, Ph.D., and Post-doctoral students a mentored, in-depth opportunity to share their research with K-12 students and teachers in a local middle school.

This provides graduate and Post-doctoral students with enhanced skills and experience in outreach,
teaching, and communication of their research with diverse audiences. Past participants have found that it also makes them more competitive for academic and professional jobs.

After an initial training session, participants in the GK-12 program will learn from and assist teachers in a local middle school for approximately one day a week for 10 weeks, and by the end of the semester they will develop and teach a lesson based on their interests and research. This is an extension of a very successful externally-funded program that ran for several years, and has now been successfully transitioned to a graduate school program. While this program does not provide funding directly to the student or post doc, some modest funding is available for expenses associated with materials for in-class activities. Students may elect to register for 2 credit hours for their involvement, or simply do this program as a voluntary activity, and the program is open to all Masters, Ph.D., and Post-Doc students at Purdue (any and all disciplines). For more information, please check out the two-page brochure that outlines the program for this coming semester at https://goo.gl/Ukb1x1.

For any additional questions or information please contact the program coordinator, Mohan Yang, at yang1178@purdue.edu. Jon Harbor, GK-12 Program Director.

In conjunction with the announcement, Purdue Libraries will sponsor the EDC GIS Development Contest, where students participating in the program will have the opportunity to compete for Purdue’s EDC Student of the Year award.

The winner will have the chance to be internationally recognized at the annual Esri Developer Summit. All Purdue students are eligible to participate in the EDC Program and GIS contest, and the winner will be announced on Purdue Libraries’ annual GIS Day event, which is set for Nov. 9 in Stewart Center, Room 214, says Nicole Kong, assistant professor and GIS specialist in Purdue Libraries.

More information about the EDC Student of the Year Award Contest will be forthcoming. For more information, contact Kong at 765-496-9474 or at kongn@purdue.edu.

CoS STAFF PROFESSIONAL DEVELOPMENT FUND

It is time to request nominations for the Spring 2018 Staff Professional Development Fund. These applications should be for professional development opportunities that will take place during January through May. To apply, please completed the attached application and return it to me by Monday, October 2. A committee of fellow CoS staff members will then meet to evaluate the applications and make the final funding decisions.

In addition to the application, you will find the programs guidelines attached. Please remember that individuals are only eligible for one award per calendar year and be sure to complete the application fully - including a breakdown of the expenses being requested.

Please contact Angie Teel if you have any questions.

http://www.eaps.purdue.edu/
Ersi DEVELOPMENT CENTER AT PURDUE

Purdue Libraries is now hosting the Ersi Development Center (EDC) program for GIS development. This is an invitation-only opportunity to provide special access to Ersi’s training and support application platform. According to last year’s EDC survey, only 25 universities have established this partnership with Ersi. As part of the EDC program, Purdue Libraries will sponsor the EDC GIS Development Contest, in which students participating in the EDC program will have the opportunity to compete for Ersi “Student of the Year” Award. More information about the GIS Development Contest will be forthcoming. Stay tuned!

Here is the news release about Purdue EDC program:

Here is the link to EDC homepage:
https://www.lib.purdue.edu/gis/edc

Please feel free to contact: Nicole Kong, Ph.D. Assistant Professor, GIS Specialist Purdue University Libraries (765)496-9474 https://www.lib.purdue.edu/gis

REMINDER: REPORTABLE OUTSIDE ACTIVITIES AND CONFLICT OF INTEREST REPORT

Faculty and staff are reminded that they are required to report outside activities and financial conflicts of interest in accordance with University policy. The policies on Conflicts of Commitment and Reportable Outside Activities (III.B.1) and Individual Financial Conflicts of Interest (III.B.2) are available on the University Policies website. All exempt faculty and staff, whether part-time or full-time, are required to report and obtain approval before they engage in any Reportable Outside Activities. In some situations, members of the clerical and service staff must also report outside activities. At the beginning of each fiscal year, employees also must report all activities in which they continue to participate, even if previous approval was granted. If an individual completed a form for activities in the 2016-17 fiscal year, that information will prepopulate the 2017-18 disclosure form and may be revised as necessary.

IMPORTANT NOTICE ABOUT THIS NEWSLETTER

This newsletter is used as the primary information source for current and upcoming events, announcements, awards, grant opportunities, and other happenings in our department and around campus. Active links to additional information will be provided as needed. Individual email announcements will no longer be sent unless the content is time-sensitive. We will continue to include our publications, presentations and other recent news items as well.

Those using paper copies of the newsletter should go to our newsletter archive on the EAPS website at http://www.eaps.purdue.edu/news/newsletters.html and Click on News to access active links as needed. Material for inclusion in the newsletter should be submitted to Fallon McQuem (fmcquem@purdue.edu) by 5:00pm on Thursday of each week for inclusion in the Monday issue.

If it is in the newsletter, we assume you know about it and no other reminders are needed. For answers to common technology questions and the latest updates from the EAPS Technology Support staff, please visit: http://www.eaps.purdue.edu/resources/information_technology/index.htm

Also, as an additional resource for information about departmental events, seminars, etc., see our departmental calendar at http://www.EAPS.purdue.edu/events-calendar.html

FALL 2017
Graduate Student and Post-doc Workshops & Presentations

NEXT EVENT:

Convert Your CV into a Resume
Tuesday, September 19  |  5:30 PM to 6:30 PM
Deans’ Auditorium, 2nd floor, Pfendler Hall
Sponsored by the College of Health and Human Services

UPCOMING EVENTS:

Networking and Elevator Pitch
Thursday, September 21
Sponsored by the Graduate School

Using Social Media Effectively
Wednesday, September 27
Sponsored by the College of Pharmacy

How to write a fellowship application
Thursday, October 12
Sponsored by the College of Liberal Arts

Interview Skills
Thursday, October 19
Sponsored by the College of Agriculture

Negotiation Skills
Wednesday, October 25
Sponsored by the Graduate School

All events will be 5:30-6:30 in the Deans Auditorium, Pfendler Hall

Pizza will be provided!

**Designing Worlds: The Big Read**
Presented by the Purdue English Department
9:00 – 10:00 a.m.
Fowler Auditorium*
Emily Allen, Luciana de Cresce El Debs, Antonio Bobet, and Kristina Bross

**How Technology Relates to Women’s Access to Markets, Especially Financial Inclusion**
9:00 – 9:45 a.m.
Stewart, 279
Laurel Weldon
Distinguished Professor, Political Science

**Digital Workforce: From 2020 Doom to 2030 Dawn**
9:00 – 9:45 a.m.
Stewart, 202
Russell Gentile
Weekend MBA Student & Management Consultant

**How to Explain Technology so that you are Spellbound**
Moderated by:
David Reingold, Dean of Liberal Arts

Panelists:
Olivia Goldhill, Katy Steinmetz, Dave Mosher, and Dave Bangert
10:30 – 11:30 a.m.
Fowler Auditorium*

**LIVE DEMONSTRATION HPE Connected Car**
11:00 a.m. – 4:00 p.m.
Purdue Mall East at MSEE Live Demo of SWARM Intelligence, Geofencing and V2V Communications

**Student Research Symposium Poster Session**
11:00 a.m. – 1:30 p.m.
Krannert Drawing Room

**FEATURED SPEAKER Accelerating the Future of Agriculture**
12:00 – 1:00 p.m.
Fowler Auditorium*
Robb Fraley
World Food Prize Laureate and CTO, Monsanto

**ESE Student Debate Competition: Climate Change**
1:30 – 3:30 p.m.
Stewart, 214

**FEATURED SPEAKER Fake News and the Cloud**
3:30 – 4:30 p.m.
Fowler Auditorium*
Quentin Hardy
Head Editor, Google

**FEATURED SPEAKER Your Grandchildren Redesigned**
5:30 – 6:30 p.m.
Fowler Auditorium*
Michael Bess
Author/Vanderbilt Professor

**ESE Fake News Panel**
10:30 – 11:30 a.m.
Fowler Auditorium*
Brad Pushkar, Kip Williams, Josh Scacco, and Quentin Hardy
12:00 p.m.  FEATURED SPEAKER
The Optimistic Technologist
12:00 – 1:00 p.m.
Fowler Auditorium*

WIRED
Nicholas Thompson
Editor-in-Chief, WIRED magazine

1:15 p.m.  Plants Can’t Pack Up and Move. What Can They Learn To Do?
1:15 – 2:00 p.m.
Stewart, 279
April Agee Carroll
VP, R&D, Aerofarms

Artificially Intelligent Information Safeguards:
Algorithms for Distinguishing Between Opinions, Facts and Alternative Facts
1:15 – 2:00 p.m.
Stewart, 218
Dan Goldwasser
Assistant Professor, Computer Science

Whether they Fly, Crawl, Roll or Swim, There is Great Value, and Peril, in this New Age of Machines that Control Themselves
1:15 – 2:00 p.m.
Stewart, 202
Eric Matson
Associate Professor, Purdue Polytechnic; Director, RICE Research Center

2:15 p.m.  Space Exploration and Technology for a Sustainable Human Civilization
2:15 – 3:00 p.m.
Stewart, 202
Marshall Porterfield
Professor, Ag and Biological Engineering

Ethical Delivery of Information in Virtual, Augmented and Reality
2:15 – 3:00 p.m.
Stewart, 218
Aleshia Hayes
Assistant Professor, CS, IS and Game Dev/HCI Researcher, IPFW

Deep Learning Neural Networks in Cybersecurity – Managing Malware with AI
2:15 – 3:00 p.m.
Stewart, 279
Keith Rayle
Security Strategist, Fortinet

3:15 p.m.  Design for the Future User Experience/Expectations in Tomorrow's World
3:15 – 4:00 p.m.
Stewart, 202
Tong Jin Kim
Associate Professor, Visual and Performing Arts

How to Blow a Trillion Dollars of Other People’s Money and Get Away With It?
3:15 – 4:00 p.m.
Stewart, 279
Chuck Hansen
Chairman & CEO, Electro Scan

3:15 p.m.  Blockchains and Crypto-Currencies: From Hype to Reality
3:15 – 4:00 p.m.
Stewart, 218
Aniket Kate
Assistant Professor, Computer Science

4:30 p.m.  CLOSING ADDRESS
New From Things - The New Big Data
4:30 – 5:30 p.m.
Fowler Auditorium*

Hewlett Packard Enterprise
Tom Bradicich
VP and GM, Hewlett Packard Enterprise

CONNECT TO PURDUE’S WI-FI SERVICE
Guests can access the AT&T's Wi-Fi service and connect to the Internet from their mobile devices and laptops while on Purdue's campus for no charge.

1. Turn on your device and ensure Wi-Fi is enabled.
2. Select the 'attwifi' wireless network and click on 'Get Connected'.

Now that you are connected, join the conversation by using #DawnorDoom

SNAPCHAT FILTERS
Do you lean toward team DAWN or team DOOM? Choose a side by using our Snapchat filters.

THANK YOU TO ALL OUR GENEROUS SPONSORS
ROBB FRALEY
World Food Prize Laureate and Monsanto CTO
DAWN OR DOOM ‘17 FEATURED SPEAKER

Sept. 26th, 12:00 PM - 1:00 PM
purdue.edu/dawnordoom
MICHAEL BESS
Chancellor’s Professor of History at Vanderbilt
DAWN OR DOOM ‘17 Featured Speaker

Sept. 26th, 5:30 PM - 6:30 PM

Dawn-Doom ’17
purdue.edu/dawnordoom
TOM BRADICICH
VP and GM at Hewlett Packard Enterprise
DAWN OR DOOM ‘17 FEATURED SPEAKER

Sept. 27th, 4:30 PM - 5:30 PM

DAWN•DOOM '17
purdue.edu/dawnordoom
This symposium will seek to facilitate a discussion on shifting paradigms and sustainability goals in an increasingly complex socio-technological context.

Howard Bloom switched careers midlife from a music publicist to an author. He has written several very successful books on human evolution and group behavior, *The Genius of the Beast*, *Global Brain*, and *The Lucifer Principle: A Scientific Expedition into the Forces of History*.

**THREE MINUTE THESIS COMPETITION**
Tuesday, Sept. 26, 9:00 a.m. - 10:30 a.m.
Stewart Center Fowler Auditorium

**DEBATE COMPETITION**
Tuesday, Sept. 26, 1:30 p.m. - 3:30 p.m.
Stewart Center 214 ABCD

**FAKE NEWS PANEL**
Wednesday, Sept. 27, 10:30 a.m. - 11:30 a.m.
Stewart Center Fowler Auditorium

This event is FREE and OPEN to the public, thanks to our sponsors. The event dates are Sept. 25, 2017 to Sept. 27, 2017. The event is organized by Purdue University’s Ecological Sciences and Engineering Interdisciplinary Graduate Program. To get involved, please contact ese@purdue.edu. We look forward to seeing you there!
