See the attached flier for information about free dinners, trips, and activities that are designed to help you learn about other cultures...while having fun!

POC: Terry Ham: hamt@purdue.edu or globalsciencepartners@purdue.edu

BOILER WELLNESS E-NEWSLETTER

Please check out the attached January Boiler Wellness E-Newsletter. In it, you will find information about upcoming Mindfulness, Resilience and Crave Series, the Lunch and Learns, and the Crockpot Meals

2018 SUMMER RESEARCH EXPERIENCES FOR UNDERGRADUATES PROGRAM

The 2018 Summer Research Experiences for Undergraduates (REU) Program in climate change in semi-arid regions hosted by the Environmental Science Institute at the University of Texas at Austin. The program is currently in its 15th year, with 130 alumni, many of whom have presented the results of their REU research at national conferences and/or published in peer reviewed journals.

The program is aimed at rising juniors and seniors and open to students who are US citizens in good academic standing. We especially invite applications from members of traditionally underrepresented groups.

Please feel free to download the program flyer and share widely with students who may be interested in this program. Program information, including the online application, can be found on our website.

CLA STUDY ABROAD

On Wednesday, January 24th, CLA Study Abroad is hosting a mini-fair from 10-2 in BRNG 1284 to promote CLA departmental study abroad programs. We still have 10 programs accepting applicants, including 2 global internships, 1 spring break trip, and 7 summer programs! We will have program leaders at the mini-fair to answer questions about their programs, plus free coffee and donuts! Please see their website for the complete list of programs and their flyers (https://goo.gl/jqQfg9), or the attached PDF, which includes information about the faculty-led programs with spots remaining!

WOMEN IN SCIENCE FELLOWSHIP PROGRAM

L’Oréal USA for Women in Science The L'Oréal USA For Women in Science fellowship program honors female scientists at a critical stage in their careers with grants of $60,000 each. Candidates are selected from a variety of fields including the life and physical/material sciences, technology (including computer science), engineering, and mathematics. Candidates must have completed their PhD and have started in their postdoctoral position by the application deadline.

Deadline: February 2

PURDUE TO ADD TWO-FACTOR AUTHENTICATION FOR ALL FACULTY AND STAFF DURING SPRING SEMESTER

Coming soon, all of Purdue’s faculty and staff will need to begin using two-factor authentication, known at Purdue as BoilerKey, to log into the new employee portal, SuccessFactors, improving security of personal and University data alike. Signup for BoilerKey is now ready for all Purdue employees at www.purdue.edu/boilerkey. Purdue faculty and staff can expect reminders to sign up in the form of direct emails, social media posts and Purdue Today articles to give instructions on how and where to sign up throughout the coming spring semester. The employee portal allows employees to create leave requests and check paystubs. It also handles many of the University’s business functions.

What is two-factor authentication?

BoilerKey adds a second login requirement to go with your password. At Purdue, it’s a numerical code randomly generated on a smartphone app called Duo or a key fob. Essentially, even if someone were to get a hold of your password (if you fall for a phishing email, for instance), your account would still be protected because only you can physically access your smartphone or key fob to get the necessary login code.

IMPORTANT NOTICE ABOUT THIS NEWSLETTER

This newsletter is used as the primary information source for current and upcoming events, announcements, awards, grant opportunities, and other happenings in our department and around campus. Active links to additional information will be provided as needed. Individual email announcements will no longer be sent unless the content is time-sensitive. We will continue to include our publications, presentations and other recent news items as well.

Those using paper copies of the newsletter should go to our newsletter archive on the EAPS website at http://www.eaps.purdue.edu/news/newsletters.html and Click on News to access active links as needed. Material for inclusion in the newsletter should be submitted to Fallon McQuem (fmcquem@purdue.edu) by 5:00pm on Thursday of each week for inclusion in the Monday issue.

If it is in the newsletter, we assume you know about it and no other reminders are needed. For answers to common technology questions and the latest updates from the EAPS Technology Support staff, please visit: http://www.eaps.purdue.edu/resources/information_technology/index.htm

Also, as an additional resource for information about departmental events, seminars, etc., see our departmental calendar at http://www.EAPS.purdue.edu/events-calendar.html

CLA Study Abroad Mini Fair!!!

Wednesday, January 24th
10:00 AM - 2:00 PM
BRNG Lobby & BRNG 1284

Learn about CLA study abroad and talk to faculty program leaders!!!
The mission of Wellness Programs is to promote holistic wellness and positive health behaviors.

Beginning the New Year, we are reminded about our adaptability for the twists and turns that come up throughout the semester. It's kind of like adapting to this unpredictable weather - high 50s one day and sub-zero a few days later! Somehow, we all find a way to make it work... If you have students who may have more challenges with adapting to these twists and turns, please encourage them to sign up for our new Resilience Series, Stronger through Struggle. You can read more about it below.

Thank you for sharing with students that our food pantry was open throughout winter break. A few hundred items were taken off the table over break, demonstrating that this service is needed all year long. Our food pantry is now open every Friday through Monday morning at the CoRec. We appreciate this partnership with our campus colleague, Vanessa Pacheco, who is helping to make this happen.

Take a few moments to read about our Mindfulness Series, the NEW Resilience Series, and the CRAVE Series for students. Those are great programs to recommend to students that you work with. The Crock Pot Demos have huge staff participations, and our Campus Improvement Team has put together a fantastic lineup for our spring Lunch and Learn Series. All info that we think you just NEED to know this month.

We also want you to know that our peer mentors are changing their names to Wellness Mentors to better reflect the work that they do on campus and with students. They are still available for one-on-one consultations but also present in classrooms and do a tremendous amount of outreach for us.

Finally, please remember during this gloomy time of year that our light therapy room is free to faculty, staff and students. Just call Carmen at 765.496.1788 to schedule a time.

The Mindfulness Series is back! Offered from February 6-15th, this four-part series helps students learn how to reduce stress, increase emotional regulation and well-being. Free yoga mats, cooking demos and yoga session included!

The NEW Stronger through Struggle Resilience Series can help students develop the important professional skill of resilience. This four-part series from February 20th to March 1st will help students learn how to bounce back from struggles, determine what hinders success, and balance their lives.

Students can register for the FREE Mindfulness Series and Stronger through Struggle Series at CoRec Member Services or by calling 765.494.3109. Space is limited.
Please encourage your students to attend one of our upcoming FREE Crave Series events. For more details on descriptions, times, locations and which events require pre-registration, visit: https://tinyurl.com/y72g3kvw.

- **Tuesday, January 23rd (6-7pm):** How Connection Makes You Healthy
- **Tuesday, January 23rd (7-8pm):** Nutrition for Workout Recovery
- **Wednesday, January 24th (7-7:45pm):** Yoga for Beginners
- **Sunday, February 4th (2-4pm):** Fundamentals of Olympic Weightlifting
- **Tuesday February 20th (7-8pm):** Eat Right When Your Budget is Tight

---

**LUNCH & LEARNS**
Sponsored by the Campus Improvement Team

All Lunch and Learns are from 11:30 – 12:20 at the CoRec. Pre-registration is required as space is limited. Contact Brooke Furrer for registration information at furrerb@purdue.edu.

**January 31** - Opioid Panel with University and Community Leaders (with Chief John Cox, Fire Chief Kevin Ply, Tippecanoe County Drug Task Force member Tim Payne, and ER physician Dr. Sansone)

**CROCKPOT COMPLETE MEALS FOR 4**

If you haven't come to our newest program in the Demo Kitchen, you need to check out Crockpot Complete Meals for Four! Who wants to be cooped up in a hot kitchen after a long and busy week? Let our Cooking Instructors solve the problem of “what’s for dinner” by helping you with your Friday night dinner plans. We take care of the menu planning and shopping, you help with prep and leave with a yummy meal for four! All for just $20- that's only $5 per serving! Recipes are made in a crockpot, so remember to bring yours from home. No crockpot? No worries! Bring along a container to take your meal with you and cook at home when ready!

- **Jan 19th:** Beef Tenderloin & Winter Vegetables
- **Feb 2nd:** Honey Garlic Chicken & Vegetables
- **Feb 16th:** Pineapple Pulled Pork Tacos
- **March 2nd:** Thai Peanut Chicken Lettuce Wraps
- **March 23rd:** Meaty Lasagna
- **April 6th:** Creamy Lemon Chicken & Spaghetti
- **April 20th:** Easy Beef Fajitas

Fridays from 12:15-12:45pm. Contact Michelle Singleton for more information at msingleton@purdue.edu.
