Purdue University
Department of Earth and Atmospheric Sciences

Engineering Geology
If you are interested in studying engineering geology as a Geology and Geophysics major, it is recommended that you select from the following list of courses.

Science Lab Sequence
Chemistry 11500/11600 required
Physics PHYS 17200/27200

EAS Professional Electives

Highly Recommended
Earth Materials II
Sedimentology/Stratigraphy
Structural Geology
Engineering Geology
Hydrogeology

Recommended – 4XXXX/5XXXX
Field Camp (traditional 6 week camp)
Glacial and Quaternary Geology
Geology of Landfills

Science/Engineering Electives
MA 26100
C S 15800
