PURDUE UNIVERSITY Department of Earth & Atmospheric Sciences Seminars for Fall 2009

Thursdays at 3:30 PM in 1252 CIVL Bldg. (unless noted)

- **Sept.** 3 "Evaluation of Numerical Forecasts of Convective Precipitation Systems Containing Realistic Detail", <u>Prof. Michael Baldwin</u>, EAS/Purdue Univ.
 - 10 "Contrasting Central-Pacific and Eastern-Pacific Types of El Nino", <u>Prof. Jin-Yi Yu, Univ. of Calif. Irvine</u> Host: Wen-wen Tung
 - 17 "Of Elephants, Earthquakes, Caves and Hot Rock Recent Geological Adventures", <u>Dr. Edmund Medley</u>, 2009 Jahns Lecturer,

Host: Terry West

- 24 "Modern Era Retrospective-analysis for Research and Applications (MERRA) Global Water and Energy Budgets", <u>Dr. Mike Bosilovich</u>, NASA, Host: Dev Niyogi
- 25 College of Science Outstanding Alumni Celebration
- Oct. 1 "Pollen, Organic-walled Microfossils, and Applications of Palynology",

 <u>Prof. Francisca Oboh-Ikuenobe</u>, Missouri Univ. of Science & Tech.

 Host: Brenda Beitler Bowen
 - 8 "Mechanics of V-shaped Conjugate Strike-Slip Faults in Collisional Orogens and the Nature of Corresponding Continuum Deformation", Prof. An Yin, UCLA
 Host: Lucy Flesch
 - 15 "Mantle Flow and Lithospheric Deformation", <u>Prof. Alessandro Forte</u>, Univ. of Quebec at Montreal Host: Eric Calais
 - 19-22 Geological Society of America Annual Meeting
 - 22 "Nitrogen Flux in Watersheds: The Role of Soil Distributions and Climate in Nitrogen Flux to the Coastal Ecosystems," <u>Prof. William Showers</u>, NC State University Host: Greg Michalski

25-30 Society of Exploration Geophysicists Annual Meeting

- 29 "Global Warming Within the Context of the Indian Subcontinent"
 <u>Dr. Prashant Shrivastava</u>, EAS/Purdue Univ. Host: J. Harbor
- Nov. 5 "Modeling Hurricanes across Scales," <u>Dr. Greg Holland, NCAR</u>
 Host: W.Y. Sun
 - 12 "Are We All Martians? The Meteoritic Exchange of Life between Planets", <u>Dr. Jay Melosh</u>, EAS/Purdue Univ.
 - 19 Cretaceous Tertiary Growth of the Tibetan Plateau, <u>Prof. Paul Kapp</u>, Univ. Arizona, Host: K. Ridgway
 - 26 Thanksgiving
- <u>Dec.</u> 10 "The Greenhouse Gases Observing SATellite (GOSAT) and the Global Distribution of Greenhouse Gas Fluxes", <u>Shamil Maksyutov</u>, National Institute for Environmental Studies, Tsukuba, Japan Host: Q. Zhuang
