SPRINGFEST VOLUNTEERS NEEDED

Springfest is just a few weeks away now! This year the campus-wide event will be Saturday, April 17, 10:00 a.m. – 4:00 p.m. EAS will have a portion of the College of Science Booth. This is a great way to give back to the community.

Thousands of people from the community will be stopping by the tent to check out our activities and demos. Traditionally our department has made a very good showing for this event and I am hoping that this year is a banner year for us! We will be having a variety of Earth and Atmospheric activities depending on the areas of the volunteers.

If you are interested in volunteering let me know (mrsmith@purdue.edu). We will need help in the following areas/times:

- Setting up (9-10 a.m.)
- Morning shift (10 a.m. – 1 p.m.)
- Afternoon shift (1 p.m. – 4 p.m.)
- Tear down (4 p.m. – 4:10 p.m.)

BROWN BAG LUNCHEES WITH DEPARTMENT HEAD

Jon Harbor invites you to attend a Brown Bag Lunch! Three lunches will be held during early May; one each for Assistant, Associate, and Full professors. These informal lunches provide an opportunity for faculty to get together to discuss issues related to their specific "time in career" and also to get up-to-date information from the Department Head. No RSVP required.

Lunches are scheduled as follows:

Assistant Professors: May 5, 12-1:00p CIVL 2201
Associate Professors: May 7, 12-1:00p CIVL 2201
Full Professors: May 10, 12-1:00p CIVL 2201

Drinks will be provided.

TO ALL EAS PROMOTABLE FACULTY

Please find [here](#) this year's promotion schedule and the template requirements for your promotion format CV. As we move through this process, additional specific instructions and deadlines will be provided. This document has been provided as an overview of the process and as a guide for drafting your 2010-11 promotion format CV for your PAC committee.

Also, there will be a special Brown Bag Lunch with Jon Harbor on Tuesday, April 27, from 12:00-1:00p in CIVL 2201. For those that cannot attend on Tuesday, a second session will be held on Wednesday, April 28, from 12:00-1:00 in CIVL 2201. The latest information regarding the promotion and tenure process will be discussed. Please see the document for a template to begin creating your document or amending your previous version.

Drinks will be provided. Bring your questions as well!

RSVP required – please indicate which day you will attend.

EPICS

A letter from EPICS: "We welcome a variety of majors and EPICS is available for students in all disciplines. Last semester we had 48 majors. We offer courses for 1 or 2 credits and it can be taken for several semesters.

"EPICS can be a valuable experience in current times when internships are tight. Many students have come back telling us EPICS helped them get an internship or a full time position. Industry is finding value in our students and recognizes EPICS as a beneficial experience.

"In addition, we continue to have new partners ask for projects and we have to turn them down without additional students. We have teams who are doing global projects. This fall we will have a Haiti team, Water Resource team and an Engineering World Health team."

EPCS courses also count toward the Teaming experience and Multidisciplinary requirements for the College of Science. It is also a good thing to have as part of your resume. See: www.purdue.edu/epics
