Read more...

A NOTE FROM OUR ACADEMIC COUNSELOR
Summer 2011 Internship Opportunities
The Discovery Learning Research Center is offering numerous full-time summer internship opportunities for undergraduate students. You are invited to attend one of the sessions listed below for information.

The Interns for Indiana (IfI) program places qualified students in Indiana high-tech start-up companies. This internship experience allows students to gain valuable real-world skills and knowledge. The program is open to juniors and seniors from all majors with a minimum 2.8 GPA. Applicants must be a full-time student in a degree-seeking program.
The Interns for Entrepreneurship (IfE) program places qualified students in high-tech start-up companies in Northeast Ohio. This full-time summer internship experience allows students to gain valuable real-world skills and knowledge. The program is open to juniors and seniors from all majors with a minimum 2.8 GPA. Applicants must be a full-time student in a degree-seeking program.

The Discovery Park Undergraduate Research Internship (DURI) program is designed to involve Purdue undergraduates in the interdisciplinary research environment of Discovery Park. The program provides opportunities for students to work with faculty affiliated with Discovery Park on cutting edge research projects that involve combining two or more disciplinary strengths. The program is open to sophomores, juniors and seniors from all majors with a minimum 3.0 GPA. Applicants must be a full-time student in a degree-seeking program. Part-time fall internships are also available.

HAPPY BIRTHDAY!!!
Mike Baldwin – February 7

IMPORTANT NOTICE ABOUT THIS NEWSLETTER
This newsletter will now be used as the primary information source for current and upcoming events, announcements, awards, grant opportunities, and other happenings in our department and around campus. Active links to additional information will be provided as needed. Individual email announcements will no longer be sent unless the content is time-sensitive. We will continue to include our publications, presentations and other recent news items as well. Those using paper copies of the newsletter should go to our newsletter archive on the EAS website at www.purdue.edu/eas/ and Click on News to access active links as needed. Material for inclusion in the newsletter should be submitted to Gina Richey (grichey@purdue.edu) by Friday noon of each week for inclusion in the Monday issue. If it is in the newsletter, we assume you know about it and no other reminders are needed.

For answers to common technology questions and the latest updates from the EAS Technology Support staff, please visit http://www.purdue.edu/eas/info_tech/index.php.

Also, as an additional resource for information about departmental events, seminars, deadlines, etc., see our departmental calendar at http://calendar.science.purdue.edu/eas/seminars.
