### EAPS OUTREACH UPDATES

In July EAPS Outreach hosted a Global Learning and Observations to Benefit the Environment (GLOBE) Program workshop. There were 4 states and 2 countries represented. Guest presenters included Sherry Fulk-Bringman presenting agronomy activities, Larry Biehl presenting MultiSpec (remote sensing), Mary Cutler presenting Hoosier Riverwatch, Ken Scheeringa presenting Community Collaborative Rain, Hail and Snow Network (CoCoRaHS), and Steven Smith presenting GLOBE activities.

A Science Express training took place on campus for 3 days. This workshop was to train and/or refresh high school teachers with the equipment. EAPS is actively involved in the Science Express program infusing our content into chem, bio, and physics curriculums and supporting Earth and Environmental Science classrooms. Outreach led a fieldtrip for teachers to the Kentland quarry looking at uplift, shatter cones, and newly found glacial striations.

Upcoming outreach activities:

- September 16-17** - Make a Splash Water Day at Ross Camp
- October 3** - Camp Cullom Academy of Science at Camp Cullom in Clinton County
- October 8** - GIS day for high school at DLRC on campus.
- October 10** - Oceans and Water activities for middle and high school teachers held in EAPS.
- November 1** - Purdue Convocations Event: Lighting pre show.
- November 7** - Purdue Homecoming Celebration held on Stadium Mall between Pharmacy and Armstrong buildings.

These are some of the activities that are already on the books. They will be adding many more throughout the semester. ***If you would be interested in helping with any of the activities, please contact Steven Smith*** ([mrsmith@purdue.edu](mailto:mrsmith@purdue.edu))
