NEWS/OPPORTUNITIES AT PURDUE

EAPS COLLOQUIUM - KENNDA LYNCH

NOVEMBER 10 2022

Virtual
3:30 – 4:30 p.m.

Kennda Lynch is an LPI NASA staff scientist.
Host: Briony Horgan

EVPRP WORKSHOP: MANAGING YOUR AWARD

Good news! You’ve just been notified that your research project is receiving funding. Now what? The EVPRP, along with Sponsored Program Services, is pleased to host this informative workshop to address questions related to award management and compliance concerns. Presenters at this informative workshop will discuss Purdue’s policies and processes related to the management of awards as well as issues for compliance that all researchers should know. This workshop will be especially helpful to new faculty but all faculty are invited to attend. Topics to be covered in this session include:

- Award management
- Project reporting
- Working with human research subjects

· Working with animals
· Working with biohazards, rDNA, radiation, lasers, or other controlled substances
· Grant to protocol reviews
· Avoiding financial conflicts of interest
· Research information assurance (including confidential information and export control regulations)

This workshop will take place on November 8th, 11:30AM-1:00PM in Stewart Center, room 202. While lunch is not provided at this workshop, you are welcome to bring your own. Registration is required.

PURDUE UNIVERSITY GEOLOGICAL SOCIETY (PUGS) T-SHIRTS FOR SALE

PUGS, a geological student group at Purdue, is selling t-shirts to raise funds for their student organization. Orders are due Nov. 14, 2022 with a projected cost of $10 to $15. To order your PUGS shirt(s), please contact Austin Rushinsky, arushins@purdue.edu, with your full name and t-shirt size. He will email you back regarding payment and order timeframe once PUGS gets sufficient orders.

PURDUE UNIVERSITY GEOLOGICAL SOCIETY (PUGS) T-SHIRTS FOR SALE

MS AND PhD EAPS STUDENTS BROADEN YOUR GRAD EXPERIENCE

For those MS and PhD students in EAPS that would like to broaden their graduate experiences while at Purdue, EAPS is affiliated with the Computational Interdisciplinary Graduate Programs (CIGP) at Purdue. While working toward a graduate degree in EAPS, graduate students can also have a concentration (specialization) in the area of Computational Science and Engineering (CSE). For more information, click here. A short video about the CIGP/CSE program can be found here.

Spring Application Deadline: March 1
Fall Application Deadline: October 1

MEETINGS/EXPOS/OPPORTUNITIES OUTSIDE OF PURDUE

SCHOLARSHIPS AVAILABLE - AWG BRUNTON AWARD AND BRUNTON FIELD PROJECT AWARD
The AWG Brunton Award and Brunton Field Project Award promote the future of field mapping and data acquisition for the upcoming generation of people whose gender identity has been historically underrepresented in the geosciences. Applicants should have a passion for and exceptional experience with field work, including internships, field camp, coursework with a field-based research component, or research. The AWG Brunton Award has been active for >20 years and provides Brunton compasses to 1–2 awardees each year. The AWG Brunton Field Project Award started in 2022 and awards a Brunton compass and up to $1000 to support field activities to each of 1–2 awardees each year. Learn more here.

2023 NOAA LAPENTA STUDENT INTERNSHIPS
Applications are now open for the 2023 NOAA Lapenta Student Internship
• Open to undergrad sophomores, juniors, and grad students
• Internship dates: 6/5/23 - 8/11/23
• Apply by January 5th
Information session for interested students: December 8, 1:30-3:30 pm EDT (http://meet.google.com/zzd-upba-wtd). Lapenta staff members will be on hand to answer questions and provide application guidance.

MASTER OF ARTS IN TEACHING EARTH SCIENCE RESIDENCY PROGRAM ACCEPTING APPLICATIONS
The Master of Arts in Teaching Earth Science Residency Program in the Richard Gilder Graduate School at the American Museum of Natural History in New York City is looking for graduates with Earth and space science backgrounds (geology, mineralogy, paleontology, oceanography, astronomy, environmental geology, and more) who want to make a difference in the world of STEM education. This teaching fellowship combines coursework, mentoring, and real-world experience to prepare Earth and space science graduates for
rewarding careers as culturally responsive middle and high school teachers. All degree candidates will receive free tuition, books, and a $30,000 living stipend. In return, candidates commit to teaching in a high-needs school for three years. With a sole focus on preparing new Earth science teachers, the program is a full-time, 15-month Master’s degree program that takes place at the Museum and in urban partner schools. We seek a student body with a passion for social justice and diverse life and career experiences.

We are currently accepting applicants for the class that will begin in June 2023. Prospective students are encouraged to attend an Information Session or to contact us for more information. You can also visit the program website to learn more and/or join our mailing list (make sure to click MAT for Earth Science Grad). For questions, you can contact the program office directly mailto:atmat@amnh.org or (212) 313-7464.

**INNOVATED SEEKING GRAD STUDENT SUBMISSIONS**

The Graduate School is seeking article submissions for the 2022-23 edition of its graduate research magazine, InnovatED! InnovatED is Purdue University’s premier graduate research magazine. Its mission is to showcase the influential and inspirational graduate research conducted at our university. Each publication features ten students, selected by Graduate School leadership.

**Graduate Students:**

What’s Required?

- Submissions should be in the form of a popular press piece and should consist of 700 to 800 words. To get an idea of how submissions should be formatted, students can check out the 2021-22 edition of InnovatED.

Why Submit?

- The student author or co-authors selected will receive an award of $250 per accepted manuscript, with the cover story receiving $500.
- Students selected for publication will receive one-on-one coaching focused on communicating complex information to a lay audience.
- Research published in InnovatED is shared widely, reaching readers in more than 45 countries.

**The submission deadline for the 2022-23 Edition is November 11.** Those interested can learn more and submit here.

---

**DOD SMART SCHOLARSHIP**

**APPLY AUG. 1 – DEC. 1**

The Science, Mathematics, and Research for Transformation (SMART) Scholarship-for-Service Program is now accepting applications. SMART offers students pursuing a bachelor’s, master’s, or Ph.D. in science, technology, engineering, and mathematics (STEM) fields an opportunity to receive a full scholarship and guaranteed civilian employment with the Department of Defense upon degree completion. SMART offers students the chance to pursue their passion in STEM while supporting the mission of the Department of Defense.

Eligibility Requirements:

- Be a U.S. Citizen
- Be 18 years of age or older
- Minimum GPA of 3.0 on a 4.0 scale
- Be pursuing a bachelor’s, master’s, or Ph.D. in one of the 21 STEM fields

Application deadline is December 1, 2022. Students can view the SMART videos and visit smartscholarship.org to learn more. Click here to access a flyer and other materials about the program.

**FORD FOUNDATION FELLOWSHIP PROGRAMS**

**LEARN MORE**

Through its program of fellowships, the Ford Foundation seeks to increase the diversity of the nation’s college and university faculties by increasing their ethnic and racial diversity, maximize the educational benefits of diversity, and increase the number of professors who can and will use diversity as a resource for enriching the education of all students.

Predoctoral, dissertation, and postdoctoral fellowships are awarded in a national competition administered by the National Academies of Sciences, Engineering, and Medicine on behalf of the Ford Foundation.

Eligibility to apply for a Ford fellowship is limited to:

- All U.S. citizens, U.S. nationals, and U.S. permanent residents (holders of a Permanent Resident Card); individuals granted deferred action status under the Deferred Action for Childhood Arrivals Program;
- Indigenous individuals exercising rights associated with the Jay Treaty of 1794; individuals granted Temporary Protected Status; asylees; and refugees, regardless of race, national origin, religion, gender, age, disability, or sexual orientation;
- Individuals with evidence of superior academic achievement (such as grade point average, class rank, honors or other designations); and

---

http://www.eaps.purdue.edu/
• Individuals committed to a career in teaching and research at the college or university level in the U.S.

**2023 Competition Dates**

• 2023 Dissertation and Postdoctoral application deadlines: December 8, 2022, 5:00 PM Eastern Standard Time (EST)

• 2023 Predoctoral application deadline: December 15, 2022, 5:00 PM Eastern Standard Time (EST)

• Supplementary Materials deadline for submitted applications January 5, 2023, 5:00 PM Eastern Standard Time (EST)

• Notification of 2023 awards: TBD

**POSITIONS AVAILABLE-CAREER OPPORTUNITIES**

**STUDENT TRAINEE – OHIO KENTUCKY INDIANA WATER SCIENCE CENTER**
We’re hiring! The Ohio Kentucky Indiana Water Science Center is hiring a student trainee (Hydrology) in the Williamsburg, KY office.
[Click here to apply]

**McGILL - ASSISTANT PROFESSOR IN THE DEPARTMENT OF ATMOSPHERIC AND OCEANIC SCIENCES**
tenure-track faculty position at McGill University in the area of “Tropical-Extratropical Interactions.”
[Learn more and apply]

**ASSISTANT PROFESSOR OF ENVIRONMENTAL & GEOSPATIAL SCIENCES - WESTERN KENTUCKY UNIVERSITY**
The Department of Earth, Environmental, & Atmospheric Sciences (EEAS) at Western Kentucky University is seeking highly qualified applicants for a 9-month tenure-track Assistant Professor of Environmental & Geospatial Sciences position beginning August 2023. [Learn more here.]

**ENTRY-LEVEL OPERATIONAL FORECASTER FOR COMMODITY WEATHER GROUP**
Starting salary: $55,000 with bonuses, advancement potential, and fully funded health care
An energetic and enthusiastic meteorologist is being sought for weather forecasting and consulting with the Commodity Weather Group (CWG).
The position is full time and fully remote.
Required:
• bachelor’s degree in meteorology or related science
• strong interest in weather forecasting
• excellent communication skills
• customer service experience
• self-motivated individual
• creative, positive-minded
• able to collaborate in team environment

---

http://www.eaps.purdue.edu/
Benefits include a fully paid healthcare option, stipends for office equipment and phone/internet expenses, and a 401(k) plan with company match. Significant opportunities exist for performance-based increases in compensation, including semiannual bonuses.

CWG consults for hundreds of companies in energy/agriculture risk management, including renewables, crop data, and weather-driven demand information on short-term to seasonal time scales. CWG also owns/Manages the StormVista weather models services.

CWG has a very high client retention rate with extremely low employee turnover and is looking for another great addition to its dedicated weather team. The open organizational structure allows all team members to play a significant role in the future growth and development of the company.

Send Cover Letters and Resumes to applications@commoditywx.com

Decision will be made in December 2022 with start date in early January 2023.

SENIOR GEO SCIENTIST AT FREEPORT-MCMORAN

Freeport-McMoRan is a leading international mining company with headquarters in Phoenix, Arizona. We operate large, long-lived, geographically diverse assets with significant proven and probable reserves of copper, gold, and molybdenum. The company has a dynamic portfolio of operating, expansion and growth projects in the copper industry. Freeport-McMoRan is one of the world’s largest publicly traded copper producers, the world’s largest producer of molybdenum and a significant gold producer. We have a long and successful history of conducting our business in a safe, highly efficient and socially-responsible manner. Please note: This position has the possibility to work remotely up to 100% of the time.

Apply here.

ASSISTANT OR ASSOCIATE PROFESSOR
ATMOSPHERIC AND PLANETARY SCIENCES – HAMPTON UNIVERSITY

The Hampton University (HU) Department of Atmospheric and Planetary Sciences (APS) invites nominations and applications for two tenure-track faculty positions at the rank of Assistant or Associate Professor beginning January 2023. Founded in 1868, Hampton University is a leading historically black university (HBCU) located on the Virginia Peninsula in the City of Hampton. It is a privately endowed, co-educational, nonsectarian institution. HU established the Center for Atmospheric Science (CAS) in 1996, which led to creation of the Department of Atmospheric and Planetary Sciences in 2007. APS offers M.S. and Ph.D. degrees in the fields of Atmospheric Science and Planetary Science. This program has established a reputation of excellence in education, outreach and research, with particular emphasis on satellite applications for atmospheric studies. Learn more here.

INDIANA EHS ADVISOR JOB POSTING
U.S. Compliance: Searching for high performing EHS professionals who want to make a difference. Join our fast-growing EHS compliance firm to help us CARE for people, PROTECT the environment and GROW our clients’ business. Link to posting.

POSTDOCTORAL APPOINTEE AT ARGONNE – WIND ENERGY AND CLIMATE SCIENCES

We have an exciting opportunity for a Postdoctoral Researcher position focusing on Wind Energy and Climate Science at the Argonne National Laboratory. This appointment will be at the Environmental Science Division embedded within our Computer, Environment, and Life Sciences Directorate. The project aims to improve our understanding of factors modulating winds in an offshore wind farm environment, with an ultimate goal of improving their representation in models used for forecasting wind energy. The three-year multi-institutional project titled Observationally driven Resource Assessment with CoupLED models (ORACLE) is funded by Department of Energy Wind Energy Technology Office. Learn more here.

METEOROLOGIST POSITIONS AVAILABLE
TEGNA

Multiple meteorology positions are open with TEGNA.

BRYAN ENVIRONMENTAL CONSULTANTS
Homewood, IL
SEEKING PART-TIME TO FULL-TIME POSITIONS

- Bachelor’s or Master’s degree in environmental engineering, civil engineering, geotechnical engineering, geology
- Knowledge of State and Federal environmental regulations a plus
POST-DOC OPPORTUNITY - AIR FORCE SCIENCE & TECHNOLOGY FELLOWSHIPS
The National Academies of Sciences, Engineering, and Medicine administers postdoctoral and senior research awards at the U.S. Air Force Research Laboratory (AFRL), the U.S. Air Force Institute of Technology (AFIT), and the U.S. Air Force Academy (USAFA) under the Air Force Science & Technology Fellowship Program (AF STFP).
Seeking highly qualified candidates who are U.S. citizens and hold, or anticipate earning, a doctorate in a variety of fields of science or engineering.
Application deadline dates (four annual review cycles): February 1, May 1, August 1, November 1
Awardees have the opportunity to:
- Conduct independent research in an area compatible with the interests of the Air Force laboratories
- Devote full-time effort to research and publication
- Access the excellent and often unique Air Force research facilities
- Collaborate with leading scientists and engineers
- Awardee benefits:
  - Base stipend starting at $76,542; may be higher based on experience
  - Health insurance (including dental/vision), relocation benefits, and a professional travel allowance
Applicants should contact prospective AFRL, AFIT and USAFA Research Adviser(s) at the lab(s) prior to the application deadline to discuss their research interests and funding opportunities.
For detailed program information, to search for AFRL, AFIT, and USAFA Research Opportunities, and to contact prospective Research Adviser(s), visit www.nas.edu/afstfp.
