NEWS/OPPORTUNITIES AT PURDUE

MS AND PHD EAPS STUDENTS BROADEN YOUR GRAD EXPERIENCE
For those MS and PhD students in EAPS that would like to broaden their graduate experiences while at Purdue, EAPS is affiliated with the Computational Interdisciplinary Graduate Programs (CIGP) at Purdue. While working toward a graduate degree in EAPS, graduate students can also have a concentration (specialization) in the area of Computational Science and Engineering (CSE). For more information, click here. A short video about the CIGP/CSE program can be found here.
Spring Application Deadline: March 1
Fall Application Deadline: October 1

EAPS GRAD STUDENT RESEARCH OPPORTUNITIES
If you are interested in an EAPS grad research opportunity, click here for more information.

GOOD LUCK WITH FINALS!

PRELIMINARY - YIMING XU
Monday, April 29, Noon – 1pm in HAMP 2244
“Quantifying wildfire impacts on boreal forest ecosystem carbon dynamics using process-based biogeochemistry and atmospheric transport and inversion models.”
Advisor: Qianlai Zhuang
Zoom link

PRELIMINARY - AARON KRUSKIE
Tuesday, April 30th at 10am in HAMP 2201. His talk is titled “Exploring the connection between tropical cyclone potential intensity and continents”.
Advisor: Dan Chavas

PRELIMINARY - ZHAOYU LIU
Thursday, May 2, 12:30 – 1:30 in HAMP 3201
Zhaoyu Liu’s talk is titled “Understanding the variability and extreme of local wave activity (LWA) in current and future climate.”
Advisor: Lei Wang

WATERSHED SCHOLARS PROGRAM
For students interested in pursuing a Master’s degree in biology, chemistry, civil engineering, environmental sciences, or geography with an emphasis in Watershed Sciences at Southern Illinois University Edwardsville (SIUE), Selected students will receive a tuition waiver and $10,000 scholarship for each of the two years they are in the program, as well as funding to attend conferences and to purchase equipment and tools needed to complete their research. In addition, students will participate in thesis and research workshops, career panels, scientific and technical seminars, and mentoring from a variety of sources. Eligible students are required to have an income of $25,515 or less while a student at program start date (Fall 2024). Scholars must be U.S. citizens, permanent residents, or admitted refugees. Interested individuals can read more about the program here. SIUE is located near the confluence of the Mississippi and Missouri Rivers and offers opportunities to study watersheds at multiple scales and from rural to urban settings. The SIUE campus is on 2,600 acres of beautiful rolling hills and woodlands, on the bluff of the Mississippi floodplain. Students applying to SIUE master’s programs in Biological Sciences, Chemistry, Civil Engineering, Environmental Sciences, or Geography & GIS are eligible to apply for the Watershed Scholars program. Students with an interest in sustainable watersheds and backgrounds in biology, chemistry, engineering, ecology, geography, geology, environmental sciences, fisheries sciences, wildlife management, natural resources, and geosciences, are encouraged to apply.

After being admitted to the SIUE graduate program, potential scholars must then apply to the Watershed Scholars Program or they should apply to both the graduate program and scholarship program at the same time. Potential scholars will be asked to provide a written statement (250-500 words) describing their interest in watershed science research and, if applicable, any prior relevant research experience. Applications are being considered on a rolling basis, but students should apply before April 1 for priority consideration. Further information, including details on how to apply, can be found on the Watershed Scholars website. If students have any questions, please encourage them to contact the Watershed Scholars project lead, Dr. Adriana E. Martinez at adrmart@siue.edu. This program is funded by the National Science Foundation DUE Award #2130471.

UNIVERSITY OF NOTRE DAME’S SOCIETY OF SCIENCE FELLOWS
At the University of Notre Dame, the Society of Science Fellows is a Postdoctoral Fellowship Program established by the Dean of the College of Science to support highly motivated and accomplished individuals who represent the best of the next generation of scientists. These prestigious fellowships are designed for early-stage scientists who are bound for research intensive careers in research universities, institutes or industries. The Society Fellows will be initially appointed for two years, receive a stipend corresponding to the NRSA NIH pay scale for postdoctoral fellows and individualized support from College of Science Director of Postdoctoral Studies. Each fellow will work with the director of postdoctoral studies to identify a suitable primary research mentor from the five departments in the College of Science. Additional co-mentors can also be appointed, and must have an appointment at the University of Notre Dame. The primary research mentor will provide research space, supplies, and travel support. More info. Deadline April 30.

NSF NCAR | UCAR | UCP STUDENT OPPORTUNITIES
NCAR | UCAR | UCP offer many different summer experiences for students in Earth System Science. Labs and Programs have unique opportunities with separate applications and different deadlines. We
invite you to explore the compiled list below and apply to opportunities you find interesting.

**UCAR Next Generation Fellowship**
The UCAR Next Generation graduate Fellowship is a prestigious, multi-faceted opportunity to explore the interplay between the areas of scientific research, diversity and inclusion, and public policy within the field of Earth Systems Science. Fellows engage with, and learn from, UCAR’s leaders in these three arenas while participating in dedicated professional development and leadership training opportunities. Application will open in January 2024.

**UCAR STUDENT OPPORTUNITIES WEBSITE**
Check the opportunities website for other opportunities that are not currently accepting applications but may during other times of the year.

**POST-DOC OPPORTUNITY - AIR FORCE SCIENCE & TECHNOLOGY FELLOWSHIPS**
The National Academies of Sciences, Engineering, and Medicine administers postdoctoral and senior research awards at the U.S. Air Force Research Laboratory (AFRL), the U.S. Air Force Institute of Technology (AFIT), and the U.S. Air Force Academy (USAFA) under the Air Force Science & Technology Fellowship Program (AF STFP).
Seeking highly qualified candidates who are U.S. citizens and hold, or anticipate earning, a doctorate in a variety of fields of science or engineering.

Application deadline dates (four annual review cycles): February 1, May 1, August 1, November 1

Awardees have the opportunity to:
- Conduct independent research in an area compatible with the interests of the Air Force laboratories
- Devote full-time effort to research and publication
- Access the excellent and often unique Air Force research facilities
- Collaborate with leading scientists and engineers
- Awardee benefits:
  - Base stipend starting at $76,542; may be higher based on experience
  - Health insurance (including dental/vision), relocation benefits, and a professional travel allowance

Applicants should contact prospective AFRL, AFIT and USAFA Research Adviser(s) at the lab(s) prior to the application deadline to discuss their research interests and funding opportunities. For detailed program information, to search for AFRL, AFIT, and USAFA Research Opportunities, and to contact prospective Research Adviser(s), visit www.nas.edu/afstfp.

**AWG BRUNTON AWARD AND BRUNTON FIELD PROJECT AWARD**
The AWG Brunton Award and Brunton Field Project Award promote the future of field mapping and data acquisition for the upcoming generation of people whose gender identity has been historically underrepresented in the geosciences. Applicants should have a passion for and exceptional experience with field work, including internships, field camp, coursework with a field-based research component, or research. The AWG Brunton Award has been active for >20 years and provides Brunton compasses to 1–2 awardees each year. The AWG Brunton Field Project Award started in 2022 and awards a Brunton compass and up to $1000 to support field activities to each of 1–2 awardees each year. Learn more here. Deadline for entry is Dec. 15th of each year.

**URANUS FLAGSHIP WORKSHOP**
May 21-23, 2024
NASA Goddard Space Flight Center, Greenbelt, MD
Meeting info

**8th INTERNATIONAL CONFERENCE ON MARS POLAR SCIENCE AND EXPLORATION**
July 8-12, 2024
Whitehorse, Yukon, Canada
Meeting info

**METSOC 2024**
July 28-Aug. 2, 2024
Brussels, Belgium
Meeting info

**MODERN SEM TECHNIQUES WORKSHOP**
August 12-14, 2024
Lunar and Planetary Institute
Houston, TX
Meeting info

**POSITIONS AVAILABLE - CAREER OPPORTUNITIES**

**VISITING PROFESSOR FOR PURDUE EAPS**
LINK
LUNAR PLANETARY INSTITUTE - DIRECTOR
Universities Space Research Association, an independent, nonprofit research corporation, is seeking a Director for the Lunar and Planetary Institute (LPI). The Director of the LPI provides scientific leadership for and management of the program of research and operations of the Institute to maintain it as a premier research center supporting NASA’s strategic goals in lunar and planetary sample science and exploration of the solar system. The Director oversees multiple activities carried out by the LPI, including conducting cutting-edge scientific research through grants and contracts; running highly successful conferences and workshops, including the annual Lunar and Planetary Science Conference; training and providing resources for early-career researchers; connecting the public to planetary science through a variety of events and activities; and providing extensive library and digital resources to the planetary science community. The LPI enjoys a strong partnership with the Astromaterials Research and Exploration Science Division at NASA’s Johnson Space Center, facilitated by the proximity of the two organizations and historic collaborations. Complete job description and a link to the application website

Review of applications will begin on May 15, 2024. More info

UNIVERSITY OF OK – AVIATION METEOROLOGY
ASSOC. PROFESSOR
The School of Meteorology and School of Aviation at the University of Oklahoma have an open tenure-track position at the Associate Professor level focused on Aviation Meteorology. If you or someone you know are interested, the full announcement is here. Reach out to the search chair Dr. Jens Redemann (jredemann@ou.edu) with any questions.

MEDITERRANEAN INSTITUTE OF OCEANOGRAPHY
MARSEILLE, FRANCE – POST DOC
2-year postdoc position in modelling the habitability of the atmosphere (applied to Earth’s atmosphere and exoplanets). The position would suit someone with an interest in habitability/astrobiology, theoretical approaches to environmental microbiology, and who has strong numerical skills (ecosystem, habitability, bioenergetics modelling). The post is based at the Mediterranean Institute of Oceanography, in Marseille, France, with the possibility for remote/flexible working arrangements. More details.

WOOSTER – VISITING ASSISTANT PROFESSOR
Wooster is hiring a 2-year Visiting Assistant Professor in Environmental Science. We are open to any expertise in the environmental sciences as long as the candidate can teach GIS. Next year, we will be developing an Environmental Science major – this person would play a critical role in that process and the administration has been supportive of our plan to convert this position to tenure track. This is a great opportunity for an early career scientist to launch a future in the liberal arts. Our small, supportive department fosters a vibrant environment for students, staff, and faculty to thrive. We are looking for someone who is passionate about teaching and eager to contribute to our intellectual and inclusive community. Full details and application instructions can be found here.

UCHICAGO – TWO POSITIONS AVAILABLE
- Assistant Instructional Professor (https://apply.interfolio.com/136612)
- Senior Instructional Professor (https://apply.interfolio.com/137371).
These are career-track (although not tenure-track) teaching positions.

TENURE TRACK METEOROLOGY FACULTY POSITION - VALPARAISO UNIVERSITY
We are excited to announce an opening for a Tenure Track Assistant Professor of Meteorology at Valparaiso University starting in August 2024. We especially need someone for mesoscale meteorology at the undergraduate level.

NYS MESONET FIELD TECHNICIANS
NYS Mesonet is hiring a field technician position to maintain and repair 126-site standard network and 85 subnetwork sites. Competitive pay + benefits, learn more and apply here.

MULTIPLE POSITIONS OPEN WITH ENVIROFORENSICS
EnviroForensics is hiring! We’re looking for motivated and collaborative individuals to join us as a Project Manager (Indianapolis or Louisville), Staff Professional (Indianapolis), Field Professional (Indianapolis), and Field Technician (Indianapolis). If you’re interested in joining our team, visit our Careers and apply today! Click here to apply

ASSISTANT PROFESSOR OF

http://www.eaps.purdue.edu/
ENVIRONMENTAL & GEOSPATIAL SCIENCES - WESTERN KENTUCKY UNIVERSITY
The Department of Earth, Environmental, & Atmospheric Sciences (EEAS) at Western Kentucky University is seeking highly qualified applicants for a 9-month tenure-track Assistant Professor of Environmental & Geospatial Sciences position. Learn more here.

METEOROLOGIST POSITIONS AVAILABLE
TEGNA
Multiple meteorology positions are open with TEGNA.

PURDUE ENVISION CENTER (UNDER ITAP)
RECRUITING EAPS STUDENTS
The Envision Center is recruiting EAPS students with background and interest in weather visualization. Details on the job opening can be found here.

POSITIONS AVAILABLE IN METEOROLOGY AND ATMOSPHERIC SCIENCE
